

**Amendments to the Specification:**

Please replace the Title with the following amended Title:

[[SUPPORT]] SYSTEM AND METHOD OF [[FOR]] DATA MIGRATION FOR  
SAFE REMOVAL OF STORAGE DEVICES

Please replace the paragraph at page 14, lines 12-18 with the following amended paragraph:

Further, an expression and wildcard character can be specified in the fields of the unnecessary-file table 122. In the example shown in Fig. 5, a negation symbol is used in the user field 1225 to specify users other than "user2." An inequality sign is used in the creation date/time field 1223 and updated date/time field 1224 to indicate dates/times earlier than the entered date/time.
